Help us boost Wiltshire's connectivity – your support is needed

We're asking you to support the next stage of the Digital Wiltshire campaign by helping us to reach out to residents and businesses to gather vital information on mobile 'not spots', areas with poor or no mobile connection. This could be at home, in their community, and anywhere they notice coverage failing.

Please complete the survey every time you find a 'not spot using this survey ' Mobile Connectivity in Wiltshire and:

- Share the Digital Wiltshire poster within your communities and networks
- Use (and encourage others to use) for example Facebook to reach more residents and businesses
- Promote Mobile Connectivity in Wiltshire widely so we can gather high-quality data from across the whole county

Make the switch to council tax e-billing

As community leaders, you play a vital role in promoting initiatives that make Wiltshire greener, more efficient, and cost-effective. If you live in Wiltshire, one simple way to lead by example is by switching to e-billing for your own council tax statements.

E-billing offers:

- Convenience – Instant access to your council tax statements on any device.
- Security – Reliable digital delivery, reducing delays and the risk of lost bills.
- Sustainability – Helps cut paper waste and reduce carbon emissions.
- Efficiency – Every resident who switches saves the council around 90p in printing and postage costs, money that can be reinvested into vital services.

Signing up takes just a few minutes through our refreshed online portal, which also allows you to:

- Print bills
- Set up or amend Direct Debits
- Apply for council tax discounts

Join the thousands of Wiltshire residents who have already made the switch and help us reach even more households by leading the way.
